Fenwick helped us out immensely this year. Fenwick provided rods for each team member on the top 3 teams, each side, which donated their winnings back to Camp Hobe'. The rods were the new Fenwick HMG rods.

State-of-the-art Carbon Veil technology in the world's original graphite rod. The classic, comfortable rods Fenwick® is famous for. When designing the HMG® series, we took a unique approach. Instead of building it action-specific, it's application-specific. The correct action for the proper application. With more than 30 models, you'll find everything from slow to fast actions tailored to their proper use. Exclusive Carbon Veil technology produces a 100 percent high-modulus graphite blank that's lightweight and sensitive. Includes Fuji Hardloy® guides and Fuji reel seats.

Fenwick rods can be found at most major retailers including Angler's Den, Cabela's, Fish Tech Outfitters Smith and Edwards, and Sportsman's Warehouse.

**Hopefully I haven't missed anyone
Bold text is to highlight our major sponsors

Les Schwab stepped up big time with a donation of 2 - \$200 Gift cards and 4 – Optima Blue Top Batteries! This is one of the reasons the fundraiser went as well as it did.

See Aaron at the Taylorsville store made this happen, please thank him and support them.

3235 West 5400 South 801-968-6002

Our friends at Firestone helped us out with a \$500 gift certificate. We held a drawing of the anglers present to award the gift certificate.

WALLEYE

The winners of the Ranger Cup money at this year's Catch-A-Cure for Cancer Charity Tournament were Chad Miller on the Walleye side and Scott Nielsen on the Bass side.

A special thanks to all of the anglers who donated their winnings to Camp Hobe'. Everyone who won money donated it back.

This year, the 10th Anniversary Catch-A-Cure for Cancer Charity Tournament became a Ranger Cup certified event. Ranger Cup provided \$250 for each side, Bass and Walleye. Thanks, Ranger Cup!!

Stutzman Hells Canyon Custom Rods donated a rod for the big fish on each side. Thanks!!

Our friends from the Utah National Guard came up. The National Guard is a TBF sponsor.

We had many people attend the fundraiser, which really helped us raise money for Camp Hobe'.

Catch-A-Cure and Camp Hobé - 2010

Catch-A-Cure for Cancer makes a tremendous contribution to Camp Hobé each year. In 2009, the event raised almost \$12,000, which was used to support our program activities in 2010. This amount covered many of our expenses for providing the fun activities for the kids – things like supplies for our storybook activities, backpacks for our campers to carry all their toys and crafts, rain ponchos for our campers, and SCUBA introductory dives for our Teens.

Catch-A-Cure makes a tremendous difference to Camp Hobé. This event helps us keep the cost low to our families, many of whom are struggling with the costs of paying for cancer therapy. Our registration fees are \$25/kid for the weeklong sessions and \$10/kid for the 2-day Day camp. We have not raised these fees since 2001, even though our costs have gone up. We estimate that it costs us about \$600/kid for the weeklong sessions, an amount that includes everything from the fun stuff (activities!) to the less fun but necessary (food, insurance, medical supplies, lease fees). We also waive the registration fees for families in need, so that their children can attend camp free of charge! This year, we gave fee waivers to 47 of our campers, or about 25% of them, which is much more than the previous year. We know that the need exists for low-cost support programs.

When we participate in events like this one, it becomes clear that it isn't about us, but about the kids and their families who participate at Camp Hobe'. Camp Hobe' brings joy to their lives at a time when things are at their lowest.

It was "brought home" when Nancy Galbraith spoke to us as one of the Camp Hobe' families. Nancy's daughter was with us last year as a Camp Hobe' participant (and at CAC). Unfortunately she passed away in November. It was one of the most touching moments out of all of the Catch-A-Cure events I have fished.

This is why we attend and why we should get our friends and buddies to come join us next year. ALL of the money raised goes to Camp Hobe'. None is kept and no one gets paid.

In June 2010, we served a total of 189 campers – 34 at our Day Camp, 108 at our Kids Week, and 47 at our Teen week. This is about the same amount as the previous year. Our goal is to serve more campers each year. Great events like Catch-A-Cure help make it all possible.

Thank you for all you do for the kids!

Chris Beckwith
Executive Director, Camp Hobé
